INDEPENDENT AUDITORS' REPORT

The Board of Commissioners
Charlottesville Redevelopment
and Housing Authority
Charlottesville, Virginia

We have audited the accompanying financial statements of the Charlottesville Redevelopment and Housing Authority as of March 31, 2021, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Charlottesville Redevelopment and Housing Authority as of March 31, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**INDEPENDENT AUDITORS' REPORT
(CONTINUED)**

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 12, the Schedule of Net Pension Liability on page 65, the Schedule of Net OPEB Liability on pages 68 and 71, the Schedule of Employer Contributions to the Virginia Retirement system pension plan on page 66, and the Schedule of Employer Contributions to the OPEB plans on pages 69 and 72, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements.

The accompanying schedule of expenditures of federal awards, Financial Data Schedule, and other supplementary information are presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 29, 2022, on our consideration of the Charlottesville Redevelopment and Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Charlottesville Redevelopment and Housing Authority's internal control over financial reporting and compliance.

MANAGEMENT DISCUSSION & ANALYSIS

March 31, 2021

This section of the Authority's annual financial report presents Management's analysis of the Authority's financial performance during the Fiscal Year Ended March 31, 2021.

FINANCIAL HIGHLIGHTS AND CONCLUSIONS:

The Charlottesville Redevelopment & Housing Authority had a difficult year due to irregular funding of HUD programs and economic market conditions that have greatly affected the Charlottesville area. These issues are illustrated by the outcome of its fiscal year operations.

- Total net position increased by \$4.9 million due to conversion of the Crescent Hall AMP 2 property to a tax credit funded redevelopment project.
- CRHA had \$582,034 in increased governmental subsidies due to increases in Public Housing and City Funding activities.
- The Department of Housing and Urban Development (HUD) rates each Authority under the Public Housing Assessment System (PHAS). The Authority was not rated for the year ended March 31, 2021 due to COVID 19.
- The Department of Housing and Urban Development (HUD) also rates each Authority under the Section Eight Management Assessment Program (SEMAP). The Authority was not rated for the year ended March 31, 2021 due to COVID 19.

REQUIRED FINANCIAL STATEMENTS

The Financial Statements of the Authority report information using accounting methods similar to those used by private sector companies (Enterprise Fund).

The Statement of Net Position (Balance Sheet) includes all of the Authority's assets and liabilities and provides information about the amounts and investments in assets and the obligations to Authority creditors. It also provides a basis of assessing the liquidity and financial flexibility of the Authority. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial health of the Authority is improving or deteriorating.

The current year's revenues, expenses and changes in net position are accounted for in the Statement of Revenues, Expenses and Net Position. This statement measures the success of the Authority's operations over the past fiscal year.

The Statement of Cash Flows is to provide information about the Authority's cash receipts and disbursements during the reporting period. The statement reports net changes in cash resulting from operations.

FINANCIAL ANALYSIS OF THE AUTHORITY

One question frequently asked about an Authority's finances is: "Did the Authority's operations and financial position improve or deteriorate over the previous fiscal year?" The Statement of Net position and the Statement of Revenues, Expenses and Net Position report information about the Authority's activities and are summarized in the following sections.

TOTAL LIABILITIES, DEF. INFLOWS OF RES. AND NET POSITION	12,408,149	6,992,518	5,415,631	77.45%

As illustrated in the Combined Statement of Net Position, the overall Net position of the Authority increased by \$4.9 million.

The Authority's Unrestricted Net position increased by \$1.15 million.

The "Investment in Capital Assets" increased by \$3.6 million.

Restricted Net Position increased by \$121,693 related to Housing Choice Voucher program activities.

Current assets increased by \$603,725 which was mainly due to an increase in cash related to Business Activities and AMPs.

Accounts receivable balances increased by \$78,778

The total notes receivable balances at the report date were \$56,500, with no change from the prior year.

CHARLOTTESVILLE REDEVELOPMENT AND HOUSING AUTHORITY

MANAGEMENT DISCUSSION & ANALYSIS

March 31, 2021

Noncurrent assets increased by \$386,956. Restricted cash increased by \$304,712 due to increases related to PPP loans and CSRAP activities that were front loaded with HAP funding.

Pension assets related to the Virginia Retirement System GASB 68 audit report at 6/30/2020 increased by \$82,244. The balance at this report date is \$1,352,231. There were \$125,294 in related deferred outflows of resources which include report balances and payments made post report date. This includes pension, group life and group health GASB 75 other pension benefits as well.

Current liabilities increased by \$674,340 due to a variety of changes. The main driver was accounts payable activity increasing by \$361,697 and Accounts Payable – Other government increasing by \$196,555, as well as deferred revenues increasing by \$91,386. This was mainly a timing issue and utilization of HUD and State/Local funding.

Other changes were smaller in nature and mostly due to timing and decreases in prepaid rent related to tenant accounts receivable activity.

While the Statement of Net position shows the change in financial position, the Statement of Revenues, Expenses, and Net position breaks down our revenues and expenses further. Table II, which follows, provides a combined statement of the changes in Net position noted above.

REVENUES

In reviewing the Statement of Revenues, Expenses, and Net position, you will find that 57% of the Authority's revenues are derived from grants from the Department of Housing and Urban Development and City of Charlottesville funding. The Authority receives revenue from tenants for dwelling rental charges, excess utilities, and miscellaneous charges of 8% of total revenue. Other Revenue, including Interest from Investments, comprises the remaining 34%. Compared to the Fiscal Year Ended March 31, 2020, revenues had an overall increase of \$6.16 million or 83.62%

Funding increased mainly due to City of Charlottesville and Public Housing program activities. The City of Charlottesville continues to fund a housing choice voucher style rental program as well as development, maintenance and executive level positions to enhance the programs of the CRHA. The Section-8 type programs drove the largest increase in overall funding, \$631,965, due to new programs like Mainstream Vouchers and Emergency Housing Voucher programs and increased HCV program lease-ups. Public Housing had increases in funding due to shortfall status funding. City State/Local program funds increased due to PPP loan program forgiveness, \$270,984.

The City of Charlottesville funding improvements of Public Housing sites during the fiscal year and has committed similar funding for the upcoming year as well as funding for a housing assistance program run through the Authority as well as a development staff person to assist the Authority in the redevelopment of Public Housing sites in the near future.

Interest Income/Other Income – The Authority had a decrease in income in the amount of \$(7,469) and an increase in the amount of \$4.5 million in the other income category. The reason for the other income increase was mainly due notes receivable activities related to the redevelopment of Crescent Hall and development of South Street. Additional increases related to the VRS net change in the pension assets which is classified as other revenue but in the current year was a net expense which was reflected in the net change in the pension asset downward.

MANAGEMENT DISCUSSION & ANALYSIS

March 31, 2021

The following is a chart comparing revenue categories from 2020 to 2021.

EXPENSES

The Charlottesville Redevelopment & Housing Authority experienced an increase in operating expenses for the current year \$7.17 million to \$8.62 million or a \$1.45 million or 20.15%.

The highlights of the expenses for the current year are as follows:

Administrative – Administrative costs include all non-maintenance and non-resident service personnel costs (including benefits and accrued leave), legal costs, auditing costs, travel and training costs, and other administrative costs such as supplies, telephone expense, etc.

Administrative salaries increased by \$182,132 due to increased hiring during the year. Legal expenses related mainly to development saw in a decrease in the amount of \$(55,254) during the year. Other administrative expenses decreased by \$(126,076) during the year which is related to consulting and miscellaneous needs.

Tenant Services – Tenant Services costs include all costs incurred by the Authority to provide social services to the residents. The Charlottesville Public Housing Association of Residents (PHAR) is the designated and recognized Resident Advisory Board. PHAR receives funding for board meetings, training costs, and other items to assist the PHAR in staying informed on its role in the Authority's operations.

Tenant Services costs increased by \$180,316 or 31.72% due to PHAR activity and other tenant services.

CHARLOTTESVILLE REDEVELOPMENT AND HOUSING AUTHORITY

MANAGEMENT DISCUSSION & ANALYSIS

March 31, 2021

Utilities - The total utilities expense for the Authority increased by \$2,100 or .22%. This was due to increases in Water and Sewer expenses.

Maintenance – Maintenance costs are all costs incurred by the Authority to maintain the 324 Public Housing units. Costs include personnel costs, materials used to maintain the units, contracts for waste management, telephone/radio service, etc. The Maintenance Expense for the Authority increased by \$92,300 or 10.23%. All categories decreased during the year. Salary and materials increased the most, \$218,429 with materials and contract cost decreasing Materials decreased by \$(32,216) while contract costs saw a decrease in the amount of \$72,221) The shift to redevelopment of the public housing properties led to much of these changes.

Protective Services Expenses – Protective Services Expenses decreased by \$(29,212) which was immaterial to the overall costs of the agency.

Insurance Expenses – Insurance Expenses include insurance costs (property, auto, liability, workers' compensation, public officials' liability, lead based paint insurance, etc. Insurance expenses increased by \$16,899 or 23.84%. This was due to inflationary pressures.

General Expenses – General Expenses include payment in lieu of taxes to the City of Charlottesville. General expenses for the Authority increased by \$315,074 or 471.34%. This was mainly due to CDBG activities during the year.

Housing Assistance Payments Program – HAP payments consist of rental payments to owners of private property for which the housing authority has a HAP agreement with the tenant and the owner for the difference between the tenants rent and the applicable payment standard. The Housing Authority has significantly increased the funding and expenditures of this program. HAP payments for the Authority increased by \$315,074. This was due to increased lease-ups in the HCV program.

Depreciation – Because the costs of all capitalized additions are spread over the estimated useful life of an asset, the estimated current year costs of capitalized items are recorded as depreciation. Depreciation Expense for the current year increased by \$127,339 or 99.57%.

MANAGEMENT DISCUSSION & ANALYSIS

March 31, 2021

The PHA started the redevelopment of the Crescent Hall AMP 2 as well as the development of the South Street project. This led 4.39 million of new capital costs. The PHA also had \$90.611 in Capital Fund capital expenditures during fiscal year 2021. There were \$112,234 in additional capital additions during the year. The PHA operated four (4) CFP grants during fiscal year 2021 with a total of \$4.5 million expenditures.

The PHA had \$254,464 in depreciation expense with no write-offs.

Grant A/R	-	-	29,192	-	29,192

NONCURRENT LIABILITIES

Non-current liabilities decreased by \$(140,535) due to the following factors. The FSS Escrow balances were reclassified to the HAP account due to the transition of the program and the OPEB liability decreased in the amount of \$(11,904). This was due to changes in amortization of the employee's future benefits related to the implementation of GASB 75.

The PHA took out a loan to purchase vehicles in fiscal year 2018. The total debt at the year-end is \$28,577 in long-term debt and 9,761 in short-term debt. This is a net decrease in the amount of \$(12,582).

ECONOMIC FACTORS AND EVENTS AFFECTING OPERATIONS:

As the Charlottesville housing market is not immune from the ups and downs of the economy; nor are our residents and participants. Here are a few of the operational impacts the Authority anticipates having to manage in the coming year:

- Tenant rent adjustments, as a result of unemployment/under-employment and the slow economic recovery, will impact the rent residents and Voucher holders can pay. This may require the Authority to divert unrestricted resources from other program areas or potentially reduce services.
- Many of our residents and Voucher holders rely on financial aid from the State or social services provided by governmental agencies. There have been and will likely continue to be service and

CHARLOTTESVILLE REDEVELOPMENT AND HOUSING AUTHORITY

MANAGEMENT DISCUSSION & ANALYSIS

March 31, 2021

revenue reductions that will impact both residents and the Authority's state and local funding sources.

- The City of Charlottesville as most other middle-sized cities within Virginia are suffering loss of industry, business and employment opportunities for low to moderate income families. This leads to further strains on the PHA's limited expendable assets added with HUD and State cuts in funding for the PHA's programs leads to diminished opportunities for the PHA to assist individuals and families in need within their surrounding areas.

CONCLUSIONS:

Overall, while the Charlottesville Redevelopment & Housing Authority had a successful fiscal year, many improvements and tough decisions were made in accordance with the lack of Congressional work on a budget that would solidify the funding for the upcoming year and provide consistent and reasonable funding for HUD requirements. We continue to work through a myriad of issues that have slowed the expected progress in the redevelopment goals and objectives but has not slowed our hope and continued efforts. Management is committed to completing the current redevelopment projects.

Management is committed to staying abreast of regulations and appropriations as well as maintain an ongoing analysis of all budgets and expenses to ensure that the Authority continues to operate at the highest standards established by the Real Estate Assessment Center and the Department of Housing and Urban Development.

The Authority continues to closed on their first two (2) redevelopment projects, received state tax credit funding for the Crescent Hall and South First Street development, which the first was a redevelopment and the second a complete new development.

The PHA has experienced financial struggles during the past few fiscal years due to aging properties and a high level of employee turnover. This has caused a major strain on the financial resources of the authority, but this is to be expected as the authority has limited resources outside of the federal programs and the federal housing developments are in dire need for redevelopment. The two (2) redevelopment projects will provide much needed improvements to the properties and reposition the authority's financial position related to the public housing properties.

This financial report is designed to provide our residents, the citizens of Charlottesville, Virginia, all federal and state regulatory bodies, and any creditors with a general overview of the Authority's finances. If you have any questions regarding these financial statements or supplemental information, you may contact John Sales, Executive Director at (434) 326-4748 or by writing: Charlottesville Redevelopment & Housing Authority, P.O. NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. Organization** - The Charlottesville Redevelopment and Housing Authority (the "Authority" or "CRHA") is a governmental, public corporation created under federal and state housing laws for the purpose of engaging in the development, acquisition and administrative activities of the low-income housing program and other programs with similar objectives for low and moderate- income families residing in the City of Charlottesville, Virginia (the "City"). The Authority is responsible for operating certain low-rent housing programs administered by the U.S. Department of Housing and Urban Development ("HUD"). These programs provide housing for eligible families under the United States Housing Act of 1937, as amended.

The Authority is governed by a board of commissioners, which is essentially autonomous, but is responsible to HUD. An executive director is appointed by the Authority's Board to manage the day-to-day operations of the Authority.

- B. Description of Programs** - The Authority maintains its accounting records by program. A summary of the significant programs operated by the Authority is as follows:

Public & Indian Housing Program

The public housing program is the primary operating program of the CRHA and is designed to provide low-cost housing. CRHA is the owner of approximately 366 public housing units located throughout the City. Under this program, HUD provides funding via an annual contributions contract. These funds, combined with the rental income received from tenants, are available solely to meet the operating expenses of the program.

Section 8 Housing Choice Vouchers Program

The Authority administers a program of rental assistance payments to private owners on behalf of eligible low-income families under Section 8 of the Housing and Urban Development Act of 1974. The program provides payments covering the difference between the maximum rent on a dwelling unit, as approved by HUD, and the amount of rent paid by a participating family.

Mainstream Vouchers Program

Mainstream vouchers assist non-elderly persons with disabilities. Aside from serving a special population, Mainstream vouchers are administered using the same rules as Section 8 housing choice vouchers.

Public Housing Capital Fund Program

The purpose of the Capital Fund Program is to provide another source of funding to cover the cost of physical and management improvements and rehabilitation on existing low-income housing and improving the central office facilities. Funding for this program is provided by grants from HUD.

State/Local Program

The State/Local Program reflects Community Development Block Grant funds received by the City from HUD, and other local funding granted to the Authority by the City.

Business Activities

The Business Activities Fund includes various projects such as monies for land improvements and single-family mortgage loans, rehabilitation loans and grants in designated sections of the City. In addition, other housing related activities are included in the program.

Other Activities and Programs

Redevelopment activities include planning for the development and redevelopment of Authority properties. Central office activities report the administrative operations of the Authority.

NOTES TO FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED MARCH 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- C. Reporting Entity** – The Authority was established as a political subdivision of the Commonwealth of Virginia. CRHA is responsible for operating a low-rent housing program which provides housing for eligible families, for operating redevelopment and conservation programs and for the delivery of services to citizens of low-rent housing and urban renewal areas through the encouragement and development of social and economic opportunities. The Commissioners of CRHA are appointed by City Council. As required by GAAP, these statements present the funds, activities, and functions of CRHA (the primary government).

In determining how to define the reporting entity, management has considered all potential component units. The decision to include a component unit in the reporting entity was made by applying the criteria set forth in Section 2100 and 2500 of the Codification of Governmental Accounting and Financial Reporting Standards and Statement No. 61, of the Governmental Accounting Standards Board: The Financial Reporting Entity. These criteria include manifestation of oversight responsibility including financial accountability, appointment of a voting majority, imposition of will, financial benefit to or burden on a primary organization, financial accountability as a result of fiscal dependency, potential for dual inclusion, and organizations included in the reporting entity although the primary organization is not financially accountable. Based upon the application of these criteria, the reporting entity includes the following blended component unit:

Charlottesville Development Corporation ("CDC") - CDC is a not-for-profit corporation whose purpose is to provide housing and social and economic opportunities for the benefit of low to moderate income people. Disclosures regarding policies of CRHA apply to the component unit unless otherwise indicated. The CDC is reported separately to emphasize that it is legally separate from the Authority (primary government). The CDC has a March 31st fiscal year end.

Crescent Halls Reno, L.L.C. (CHR) - CHR was formed to acquire, develop, rehabilitate, own, maintain and operate a 105-unit apartment complex for rental to individuals and families of low-income known as Crescent Halls. CRHA has significant influence over the Company and the financial activities of the entity are included in CRHA's basic financial statements. CHR has a December 31st fiscal year end.

South First Phase One, L.L.C. (SF1) – SF1 formed to ground lease, develop, construct, own, maintain and operate 62-unit apartment complex located in Charlottesville, Virginia known as South First Phase One. CRHA has significant influence over the Company and the financial activities of the entity are included in CRHA's basic financial statements. SF1 has a December 31st fiscal year end.

- D. Basis of Accounting** - The Authority's financial statements are prepared in accordance with GASB 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments* as amended ("GASB 34"). GASB 34 requires the basic financial statements to be prepared using the economic resources measurement focus and the accrual basis of accounting and requires the presentation of a Statement of Net Position, a Statement of Revenues, Expenses and Changes in Net Position and Statement of Cash Flows. GASB 34 also requires the Authority to include Management's Discussion and Analysis as part of the Required Supplemental Information.

The Authority's primary source of non-exchange revenue relates to grants and subsidies. In accordance with GASB 33, *Accounting and Financial Reporting for Non-exchange Transactions*

CHARLOTTESVILLE REDEVELOPMENT AND HOUSING AUTHORITY

NOTES TO FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED MARCH 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- D. Basis of Accounting (continued)** – On January 30, 2008, HUD issued PIH Notice 2008-9, which requires that unused housing assistance payments ("HAP"), under proprietary fund reporting, should be reported as restricted net position with the associated cash and investments also being reported as restricted. Any unused administrative fees should be reported as unrestricted net position, with the associated assets being reported as unrestricted.

In accordance with GASB 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities that Use Proprietary Fund Accounting*, the aforementioned funds are treated as restricted cash and cash equivalents on the Authority's Statement of Net Position and Statement of Cash Flows.

The Authority adopted GASB 68, *Accounting and Financial Reporting for Pensions* ("GASB68"). GASB 68 established standards for measuring and recognizing liabilities, deferred outflows of resources, deferred inflows of resources, and expenditures associated with pension plans of State and Local Governments. For defined benefit pensions, GASB 68 identifies the methods and assumptions that should be used to project benefit payments, discount projected benefit payments to their actual present value, and attribute that present value to periods of employee service. In addition, GASB 68 details the recognition and disclosure requirements for employers with liabilities to a defined benefit pension plan and for employers whose employees are provided with defined contribution pensions.

- E. Cash, Cash Equivalents and Investments** - Highly liquid investments with initial maturities of three months or less from date of purchase are considered cash equivalents. It is the Authority's policy to maintain collateralization in accordance with HUD requirements.
- F. Accounts Receivable, Net** - Rents are due from tenants on the first day of each month. As a result, tenants receivable balances primarily consist of rents past due and vacated tenants. The Authority recognizes a receivable from HUD and other governmental agencies for amounts billed, but not received and for amounts unbilled, but earned as of year-end.
- G. Allowance for Doubtful Accounts** - The Authority periodically reviews all accounts receivable to determine the amount, if any, that may be uncollectable. An allowance for doubtful accounts is established to provide for all accounts, which may not be collected in the future for any reason. Collection losses on accounts receivable are charged against the allowance for doubtful accounts.
- H. Prepaid Expenses** - Amounts paid as of year-end that will benefit future operations.
- I. Notes Receivable** - The Authority has utilized development funds in accordance with HUD guidelines to assist in the construction and redevelopment of affordable housing through the issuance of mortgage notes. When preparing financial statements in accordance with generally accepted accounting principles, management is required to make estimates as to the collectability of such mortgage notes. When estimating collectability, management analyzes the value of the underlying mortgaged property, the property's ability to generate positive cash flow, and current economic trends and conditions. Management utilizes these estimates and judgments in connection with establishing an allowance for uncollectable amounts during an accounting period. As of March 31, 2021, management estimates that all notes receivable are collectable and as such has recorded no allowance for uncollectable amounts.

CHARLOTTESVILLE REDEVELOPMENT AND HOUSING AUTHORITY

NOTES TO FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED MARCH 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- J. Capital Assets** - Land, buildings and equipment are capitalized at cost. Costs determined to represent additions or betterments to existing structures which exceed the capitalization threshold of \$750 are capitalized. Repairs and maintenance costs are charged to expense as they are incurred. Depreciation is calculated on the straight-line basis over the following estimated useful lives:

Rental Property	27.5 years
Real Property and Improvements	10 years
Office Furniture and Equipment	5 years
Data Processing Equipment and Automobiles	5 years

When assets are retired, demolished, or sold, their costs are removed from the accounts and the proceeds, if any, are reflected in revenues currently.

- K. Impairment of Capital Assets** - The Authority evaluates events or changes in circumstances affecting capital assets to determine whether impairment has occurred. If the Authority determines that a capital asset is impaired, and that impairment is significant and other-than-temporary, then an impairment loss will be recorded in the Authority's financial statements. There were no impairment losses recorded for the year ended March 31, 2021.
- L. Unearned Revenue** - The Authority's unearned revenue consists primarily of the prepayment of rent by residents and CARES Act funding received but not expended as of March 31, 2021.
- M. Compensated Absences** - Regular full-time employees earn annual vacation leave at a rate ranging from 12 to 24 days per year in accordance with the Authority's Personnel Policy. Regular part-time employees accrue vacation leave at one-half the above rate. The maximum carryover per year shall be 30 days. At termination, employees are paid for any accumulated leave. The aggregate current and long-term liability recorded for accrued leave at March 31, 2021, was \$44,041.
- N. Interfund Activity** - Inter-program receivables/payables are the result of the use of the Public Housing Program as the common paymaster for shared costs of the Authority. Cash settlements are made periodically throughout the year, and all inter-program balances net to zero. Interprogram receivables and payables are eliminated for financial statement purposes in accordance with GASB 34.
- O. Income Taxes** - As a political subdivision of the State of Virginia, the Authority is exempt from real estate, sales and income taxes. The Authority makes payments in lieu of taxes (PILOT) in accordance with the provisions of its Cooperation Agreement with the City. Under the Cooperation Agreement, the Authority must pay the City the lesser of 10% of its net shelter rent or the approximate full amount of the real property taxes on Authority owned units.
- P. Use of Estimates** - The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingencies at the date of the financial statements, and revenues and expenses recognized during the reporting period. Actual results could differ from those estimates.

CHARLOTTESVILLE REDEVELOPMENT AND HOUSING AUTHORITY

NOTES TO FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED MARCH 31, 2021

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- Q. Deferred Outflows and Deferred Inflows** - In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources until that time. In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources until that time.
- R. Net Position** - Equity is classified as net position and consists of the following components:
1. Net Investment in Capital Assets - Capital assets net of accumulated depreciation and reduced by the outstanding balances of any borrowings attributable to the acquisition or construction of those assets.
 2. Restricted Net Position - Net position which has been restricted by either external groups such as creditors, grantors, contributors, other governments or law through constitutional provisions or enabling legislation.
 3. Unrestricted Net Position - Represents net position that does not meet the definition of "restricted" or "invested in capital assets."
- S. Pension Plans** - The Authority participates in a defined benefit pension plan administered by the Virginia Retirement System (VRS). For purposes of measuring net pension liability, deferred inflows/outflows of resources related to pensions, and pension expense, information about the fiduciary net position of CRHA's retirement plan and the additions to/deductions from the plan's net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (VRS). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.
- T. Other Postemployment Benefits (OPEB)** - CRHA participates in a multiple-employer cost-sharing benefit plan administered by the Virginia Retirement System (VRS). For purposes of measuring CRHA's net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, information about the fiduciary net position; and the additions to/deductions from the VRS plans' net fiduciary position have been determined on the same basis as they were reported by VRS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

CRHA also provides benefits to three retirees under a previous OPEB plan offered by the Authority. The Authority funds the plan on a pay-as-you-go basis. For purposes of measuring CRHA's net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, OPEB expense, and the additions to/deductions from the plan have been reported as determined by an actuarial valuation as of March 31, 2020.

NOTES TO FINANCIAL STATEMENTS (continued) FOR THE YEAR ENDED MARCH 31, 2021

NOTE 2: CASH, CASH EQUIVALENTS AND INVESTMENTS

At March 31, 2021, the carrying amount of the Authority's cash deposits (including restricted deposits), was \$1,848,562 and the bank balance was \$2,126,889. HUD regulations require that all HUD deposits and investments in financial institutions be fully insured or collateralized by U.S. Government obligations that have a market value of not less than the principal amount of the deposits. At March 31, 2021, the bank balance was insured and collateralized in accordance with HUD regulations as follows:

FDIC Insured	\$ 250,000
Collateralized	1,876,889
	<u>\$ 2,126,889</u>

Concentration of Credit Risk - The Authority places no limit on the amount the Authority may invest in any one issuer.

Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority does not have a formal deposit policy for custodial credit risk. As of March 31, 2021, the Authority's bank balances were not exposed to custodial credit risk.

NOTE 3: RESTRICTED DEPOSITS

Restricted deposits consist primarily of unspent CARES Act funding, tenant security deposits and Family Self Sufficiency ("FSS") program escrows which are restricted for use in the Housing Choice Voucher and Public and Indian Housing Programs by FSS program participants.

NOTE 4: RECEIVABLES

Receivables as of March 31, 2021, including the applicable allowances for uncollectible accounts, are as follows:

Other Non Current Liabilities	<u>\$ 430,851</u>

Due to City of Charlottesville - Due to the City of Charlottesville represents a liability in the amount of \$430,851 for a Community Development Block Grant awarded from the City that was to be used to purchase land and construct affordable housing units. Land was purchased by the Authority; however, it was determined that it was not possible for the Authority to complete the project by the completion deadline established by HUD. As a result, \$430,851 is required to be repaid to the City. The amount is interest free, unsecured and payable upon the disposition of the property by the Authority.

NOTE 12: PENSION PLAN

The Authority contributes to the Virginia Retirement System (VRS), a cost-sharing multiple employer defined benefit public employee retirement system that acts as a common investment and administrative agent for political subdivisions in the Commonwealth of Virginia.

- a. Plan Description - All full-time, salaried employees of CRHA are automatically covered by the VRS Retirement System upon employment. Benefits vest after five (5) years of service. Employees are eligible for an unreduced retirement benefit at age 65 with five (5) years of service.

The VRS issues a publicly available comprehensive annual financial report (CAFR) that includes financial statements and required supplementary information for VRS. A copy of that report may be obtained by visiting the VRS website at <https://www.varetire.org/pdf/publications/2021-annual-report.pdf> or by writing the System's CFO at P. O. Box 2500, Richmond, VA 23218-2500.

- b. Employees Covered by Benefit Terms - As of the June 30, 2019 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

- c. Contributions - The contribution requirement for active employees is governed by Title 51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to state agencies by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensations toward their retirement. Prior to July 1, 2012, all or part of the 5.00% member contribution may have been assumed by the employer. Beginning July 1, 2012, new employees were required to pay the 5.00% member contribution. In addition, for existing employees; employers were required to begin making the employee pay the 5.00% member contribution. This could be phased in over a period of up to 5 years and the employer is required to provide a salary increase equal to the amount of the increase in the employee-paid member contribution. CRHA's contractually required contribution rate for the year ended June 30, 2020 was 0% of covered employee compensation. This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions from CRHA to the pension plan were \$2,270 and \$1,580 for the years ended June 30, 2019 and June 30, 2020, respectively.

Liabilities, expenses and deferred outflows/inflows of resources related to pensions

- a. Actuarial Assumptions - The total pension liability for General Employees in the Authority's retirement plan was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

Inflation	2.50%
Salary increases, including inflation	3.5% - 5.35%
Investment rate of return	6.75% net of pension plan investment expense, including inflation*
Cost-of-living adjustments	2.25% - 2.5%

*Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. Since the difference was minimal, a more conservative 7% investment return assumption was used for preparation of pension liabilities.

NOTE 13: OTHER POST EMPLOYMENT BENEFITS – HEALTH INSURANCE PLAN

- a. Plan Description - In addition to the pension benefits described in Note 12, the Authority pays a portion of the cost of health-related insurance benefits for employees who were eligible for a prior benefit plan. All Employees eligible for CRHA's paid health care coverage on December 31, 1984, and who continue to work for the Authority without interruption until retirement, remain eligible for Authority paid health care coverage provided by the City of Charlottesville. Employees commencing work with the Authority after December 31, 1984 will not receive subsidized coverage paid by the Authority upon termination of employment, but may continue coverage at their own expense if retiring under the VRS guidelines. A CRHA retiree, eligible for postretirement medical coverage, is defined as a former employee in a VRS covered position who retires and is eligible to receive an early or regular retirement benefit from the VRS and who had health coverage at the time of retirement.
- b. Funding Policy - The Authority establishes the employer contribution rates and how the plan will be funded as part of the annual budget process. Various amounts are paid by the Authority on a cash basis as benefits are paid.
- c. Employees Covered by Benefit Terms - As of March 31, 2021, three retirees were covered by CRHA's OPEB plan.
- d. Actuarial Valuation Method and Assumptions - The total OPEB liability reported by the Authority was based on an actuarial valuation as of April 1, 2020, using the Entry Age Normal Actuarial Cost Method. Under this method, the actuarial value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the earnings of the individual between entry age and assumed exit age(s).

NOTE 14: OTHER POST EMPLOYMENT BENEFITS - GROUP LIFE INSURANCE PLAN

The Virginia Retirement System (VRS) Group Life Insurance Program (OPEB-GLI) is a multiple employer, cost-sharing plan. It provides coverage to state employees, teachers, and employees of participating political subdivisions. The Group Life Insurance Program was established pursuant to §51.1-500 et seq. of the Code of Virginia, as amended, and which provides the authority under which benefit terms are established or may be amended. The Group Life Insurance Program is a defined benefit plan that provides a basic group life insurance benefit for employees of participating employers. For purposes of measuring the net OPEB-GLI liability, deferred outflows of resources and deferred inflows of resources related to the OPEB-GLI, and OPEB-GLI expense, information about the fiduciary net position of the VRS Group Life Insurance program OPEB and the additions to/deductions from the VRS Group Life Insurance Program OPEB's net fiduciary position have been determined on the same basis as they were reported by VRS. In addition, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

- a. Plan Description - All full-time, salaried permanent employees of the state agencies, teachers and employees of participating political subdivisions are automatically covered by the VRS Group Life Insurance Program upon employment. This plan is administered by the Virginia Retirement System (VRS), along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia. In addition to the Basic Group Life Insurance benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. Since this is a separate and fully insured program, it is not included as part of the Group Life Insurance Program OPEB.

Significant plan provisions of the Political Subdivision Group Life Insurance Program OPEB, including eligibility, coverage and benefits are as follows:

Eligible Employees

The Group Life Insurance Program was established July 1, 1960, for state employees, teachers and employees of political subdivisions that elect the program.

- Basic group life insurance coverage is automatic upon employment. Coverage ends for employees who leave their position before retirement eligibility or who take a refund of their accumulated retirement member contributions and accrued interest.

Benefit Amounts

The benefits payable under the Group Life Insurance Program have several components.

- Natural Death Benefit – The natural death benefit is equal to the employee's covered compensation rounded to the next highest thousand and then doubled.
- Accidental Death Benefit – The accidental death benefit is double the natural death benefit.
- Other Benefit Provisions – In addition to the basic natural and accidental death benefits, the program provides additional benefits provided under specific circumstances.

NOTE 14: OTHER POST EMPLOYMENT BENEFITS - GROUP LIFE INSURANCE PLAN (continued)

Reduction in Benefit Amounts

The benefit amounts provided to members covered under the Group Life Insurance Program are subject to a reduction factor. The benefit amount reduces by 25% on January 1 following one calendar year of separation. The benefit amount reduces by an additional 25% on each subsequent January 1 until it reaches 25% of its original value.

Minimum Benefit Amount and Cost-of-Living Adjustment (COLA)

For covered members with at least 30 years of creditable service, there is a minimum benefit payable under the Group Life Insurance Program. The minimum benefit was set at \$8,000 by statute. This amount is increased annually based on the VRS Plan 2 cost-of-living adjustment and was increased to \$8,616 as of June 30, 2021.

- b. **Contributions**- The contribution requirements for the Group Life Insurance Program are governed by §51.1-506 and §51.1-508 of the Code of Virginia, as amended, but may be impacted as a result of funding provided to state agencies and school divisions by the Virginia General Assembly. The total rate for the Group Life Insurance Program was 1.31% of covered employee compensation. This was allocated into an employee and an employer component using a 60/40 split. The employee component was 0.79% (1.31% X 60%) and the employer component was 0.52% (1.31% X 40%). Employers may elect to pay all or part of the employee contribution, however the employer must pay all of the employer contribution. Each employer's contractually required employer contribution rate for the year ended June 30, 2020 was 0.52% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2017. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits payable during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the Group Life Insurance Program from CRHA were \$2,524 and \$2,664 for the years ended June 30, 2020 and June 30, 2019, respectively.

Liabilities, expenses and deferred outflows/inflows of resources related to OPEB

a. **Actuarial Valuation Method and Assumptions**

The Total GLI OPEB Liability was based on an actuarial valuation as of June 30, 2019, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2020.

Inflation	2.50%

a. Actuarial Valuation Method and Assumptions (continued)

*Administrative expenses as a percent of the market value of assets for the last experience study were found to be approximately 0.06% of the market assets for all of the VRS plans. This would provide an assumed investment return rate for GASB purposes of slightly more than the assumed 6.75%. Since the difference was minimal, a more conservative 6.75% investment return assumption was used for preparation of pension liabilities.

Net GLI OPEB Liability

The Net OPEB liability (NOL) for the Group Life Insurance Program represents the program's total GLI OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of the Measurement Date of June 30, 2020, NOL amounts for the Group Life Insurance Program are as follows (amounts expressed in thousands):

	Group Life Insurance OPEB Program
Total GLI OPEB Liability	\$ 3,523,937
Plan Fiduciary Net Position	<u>1,855,102</u>
Employers' Net GLI OPEB Liability (Asset)	<u><u>\$ 1,668,835</u></u>
Plan Fiduciary Net Position as a Percentage of the Total Political Subdivision GLI OPEB Liability	52.64%

The Total GLI OPEB liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The Net GLI OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the System's notes to the financial statements and required supplementary information.

Long-Term Expected Rate of Return

The long-term expected rate of return on the System's investments was determined using a lognormal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of System's investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the table on the following page.

		* Expected arithmetic nominal return	7.14%

* The above allocation provides a one-year return of 7.14%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%.

Discount Rate

The discount rate used to measure the total GLI OPEB liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made per the VRS guidance and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2020, the rate contributed by the entity for the GLI OPEB will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly which was 100% of the actuarially determined contribution rate. From July 1, 2020 on, employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the GLI OPEB's fiduciary net position was projected to be available to make all projected future benefit payments of eligible employees. Therefore, the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total GLI OPEB liability.

- a. Net OPEB Liability - At March 31, 2021, CRHA reported a liability of \$39,385 for its proportionate share of the Net GLI OPEB Liability. The Net GLI OPEB Liability was measured as of June 30, 2020 and the total OPEB liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of that date. The covered employer's proportion of the Net OPEB Liability was based on the covered employer's actuarially determined employer contributions to the Group Life Insurance Program for the year ended June 30, 2020 relative to the total of the actuarially determined employer contributions for all participating employers. NOTE 15: DEFERRED COMPENSATION PLAN

CRHA offers all regular employees a deferred compensation plan (the "Plan") created in accordance with Internal Revenue Code Section 457. The Plan permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees or beneficiaries until termination, retirement, death or unforeseeable emergency. All amounts of compensation deferred under the Plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are held in annuity contracts for the participants. The contracts are managed by the Plan through the City of Charlottesville. The assets and corresponding liability of the Plan are not included in the accompanying financial statements and the Plan assets are not subject to claims of the Authority's general creditors.

NOTE 16: CONTINGENCIES AND OTHER MATTERS

- a. Litigation and Other Matters - Certain claims, suits and complaints may arise in the ordinary course of business. None have been filed and none are pending against the Authority. In the opinion of the Authority's management, any such matters are adequately covered by insurance.
- b. Grants - The Authority has received various other grants for specific purposes. These grants are subject to financial and compliance audits. Such audits could result in requests for reimbursement to the grantor agency for expenditures disallowed under terms of the grant. The Authority management is of the opinion that disallowances, if any, will not be material.

NOTE 17: ECONOMIC DEPENDENCY

The Section 8, Mainstream Voucher, and the Low Rent Public Housing programs are economically dependent on annual grants from HUD.

CHARLOTTESVILLE REDEVELOPMENT AND HOUSING AUTHORITY**NOTES TO FINANCIAL STATEMENTS (continued)
FOR THE YEAR ENDED MARCH 31, 2021****NOTE 18: RISK MANAGEMENT**

The Authority is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Significant losses are covered by commercial insurance for all major programs and there have been no significant reductions in insurance coverage. Claims expenditures and liabilities are reported when it is probable that a loss has occurred, the amount of the loss can be reasonably estimated, and said amount exceeds insurance coverage. Settlement amounts have not exceeded insurance coverage for the last five years.

NOTE 19: SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 29, 2022, the date on which the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of COVID-19, a novel strain of Coronavirus, a pandemic. As of March 31, 2020, the coronavirus outbreak continues disrupting supply chains and affecting production and sales across a range of industries. The extent of the impact of the outbreak on our operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact to the operations of the Authority, and governmental, regulatory and private sector responses. The financial statements do not reflect any adjustments as a result of the subsequent increase in economic uncertainty.

NOTE 20: COMPONENT UNITS

As disclosed in Note 1, the Authority has component units Crescent Halls Reno, L.L.C. and South First Phase One, L.L.C. Condensed financial information of the Component Units, as of March 31, 2021, is presented on the following page:

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED MARCH 31, 2021**NOTE 1: BASIS OF PRESENTATION**

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") includes the federal grant activity of the Charlottesville Redevelopment and Housing Authority under programs of the federal government for the year ended March 31, 2021. The information is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of operations of the Authority, it is not intended to and does not present the net position, changes in net position or cash flows of the Authority. Some amounts presented in the Schedule may differ from amounts presented in, or used in the preparation of the financial statements.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNT POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, OMB Circular A-87, and the State of Virginia, Office of Policy and Management, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

NOTE 3: MAJOR PROGRAMS

The (*) to the right of a CFDA number identifies the grant as a major federal program as defined by Title 2 Part 200 (Uniform Guidance).

NOTE 4: AWARD BALANCE

On the Housing Choice Voucher programs, the Authority receives annual funds based on an annual estimate of need. Any Housing Assistance funds received in excess of current year payments is restricted for payment of future Housing Assistance payments.

NOTE 5: INDIRECT COST RATE

The Authority has not elected to use the 10-percent de minimis indirect cost rate as allowed under Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Commissioners
Charlottesville Redevelopment
and Housing Authority
Charlottesville, Virginia

Report on Compliance for Each Major Program

We have audited the Charlottesville Redevelopment and Housing Authority's (the "Authority") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended March 31, 2021. The Authority's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of law, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Authority's major federal programs based on our audit of the types of compliance requirement referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Authority's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with each major program. However, our audit does not provide a legal determination on the Authority's compliance.

Opinion on Each Major Program

In our opinion, the Authority complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs identified above for the year ended March 31, 2021. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements that are required to be reported in accordance with the *Uniform Guidance* and which are described in the accompanying schedule of findings and questioned costs as Finding Nos. 2021-001, 2021-002, 2021-003 and 2021-004.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE
(CONTINUED)**

Other Matters

The results of our auditing procedures disclosed other instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as items 2021-001, 2021-002, 2021-003 and 2021-004. Our opinion on each major federal program is not modified with respect to these matters.

The Authority's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Authority's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of the Charlottesville Redevelopment and Housing Authority is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Authority's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in that normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with type of compliance requirement of a federal program that is less severe than a *material weakness in internal control over compliance*, yet important enough to merit the attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be *material weakness*, or *significant deficiencies* and therefore, material weaknesses and significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2021-002 and that we consider to be a significant deficiency.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of Internal control over compliance and the results of our testing based on the requirements of the *Uniform Guidance*. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Commissioners
Charlottesville Redevelopment
and Housing Authority
Charlottesville, Virginia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Charlottesville Redevelopment and Housing Authority, the major fund of the Charlottesville Redevelopment and Housing Authority as of and for the year ended March 31, 2021, and the related notes to the financial statements and have issued our report thereon June 29, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Charlottesville Redevelopment and Housing Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations during our audit, we did identify deficiencies in internal control that we consider to be material weaknesses and included in the accompanying schedule of findings and questioned costs as item 2021-004. Material weaknesses may also exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Charlottesville Redevelopment and Housing Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 2021-001, 2021-002, 2021-003 and 2021-004.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS
(CONTINUED)**

Response to Findings

Charlottesville Redevelopment and Housing Authority's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Charlottesville Redevelopment and Housing Authority's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Charlottesville Redevelopment and Housing Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Section II -- Financial Statement Findings

Finding No. 2021-004 Material Weakness in Internal Controls over Financial Reporting

CONDITION: During our audit, it was determined that material misstatements were made to the current financial statements resulting from material weakness in internal controls over the financial reporting process.

CRITERIA: The Authority is required to implement internal controls that would ensure the Authority's compliance with financial reporting in accordance with GAAP.

QUESTIONED COSTS: None.

CONTEXT: The Authority's unaudited submission to the Real Estate Assessment Center contained material errors relating to financial activity of the component unit. Material component unit activity, including the acquisition and financing of a LIHTC project, was omitted from the Authority's financial statements.

EFFECT: The Authority's audited financial statements required material current year adjustments. The Authority's ability to make sound financial decisions could be impaired based upon reliance on materially misstated financial statements.

CAUSE: The Authority's internal controls over the financial reporting process were not properly implemented. The Authority failed to identify material misstatements to the financial statements through their monitoring controls.

RECOMMENDATION: We recommend management continue to review the internal controls over financial reporting to improve the detection and correction of misstatements.

Section III -- Federal Awards Findings and Questioned Costs

Finding No. 2021-001 CFDA No. 14.871 Special Tests and Provisions: Rent Reasonableness (Repeat from 2018,2019, and 2020)

CONDITION: The Authority failed to employ an effective methodology to determine and document the reasonableness of rents charged by owners to Housing Choice Voucher participants in accordance with its written Administrative Plan and HUD regulations.

CRITERIA: PHAs are required to determine whether rents charged by owners to Housing Choice Voucher program participants are reasonable, with respect to comparable unassisted units; prior to entering into HAP contracts; when there is a 5 percent or more decrease in the FMR within 60 days of the HAP contract anniversary; and prior to approving any subsequent rent increases in accordance with 24 CFR 982.507.

QUESTIONED COSTS: The amount of questioned costs could not be determined.

CONTEXT: During audit fieldwork, 40 HAP contract files from a statistically valid sample were examined for compliance with rent reasonableness determination criteria. Of the 40 files examined, three files did not contain evidence to support sufficient steps had been taken to determine that HAP contract rents paid to owners were reasonable.

EFFECT: Failure to determine rent reasonableness provides no assurance that HUD funds are being used efficiently as it may lead to the approval of rents that are too high.

CAUSE: The overall cause was a lack of management oversight and quality control over this program.

RECOMMENDATION: The Authority should implement greater oversight over the Housing Choice Voucher program and provide additional training to staff on determining rent reasonableness in accordance with CRHA's Administrative Plan and HUD regulations.

Section III -- Federal Awards Findings and Questioned Costs

Finding No. 2021-002 **CFDA No. 14.871 – Eligibility (Repeat from 2019 and 2020)**

CONDITION: The Authority failed to complete annual recertifications in accordance with its Administrative Plan and HUD regulations.

CRITERIA: PHAs are required to reexamine family income and composition at least once every 12 months and calculate tenant rents and housing assistance payments in accordance with 24 CFR 982.516.

QUESTIONED
COSTS: The amount of questioned costs could not be determined.

CONTEXT: During audit fieldwork, 40 HAP contract files and 40 Public Housing Files, each from statistically valid samples were examined for compliance with annual tenant recertification requirements. Of the 40 HAP files examined, four files contained inaccurate calculations of tenant rents and housing assistance payments reported on HUD Form-50058.

EFFECT: Failure to accurately calculate tenant rent and housing assistance payments as required could lead to inappropriate tenant rent and housing assistance payment charges.

CAUSE: The overall cause was a lack of management oversight and quality control over this program.

RECOMMENDATION: The Authority should implement greater oversight over the Housing Choice Voucher program to ensure that annual recertifications include accurate calculations of tenant rent and housing assistance payments reported on HUD Form-50058.

Section III -- Federal Awards Findings and Questioned Costs

Finding No. 2021-003 **CFDA No. 14.871 - Special Tests and Provisions: HQS Enforcement**

CONDITION: The Authority failed to document enforcement of Housing Quality Standards (HQS) in accordance with its Administrative Plan and HUD regulations.

CRITERIA: For units under HAP contract that fail to meet HQS, the PHA must require the owner to correct any life threatening HQS deficiencies within 24 hours after the inspections and all other HQS deficiencies within 30 calendar days or within a specified PHA-approved extension. If the owner does not correct the cited HQS deficiencies within the specified correction period, the PHA must stop (abate) HAPs beginning no later than the first of the month following the specified correction period or must terminate the HAP contract.

QUESTIONED COSTS: The amount of questioned costs could not be determined.

CONTEXT: During audit fieldwork, 40 HAP contract files from independent statistically valid samples were examined for compliance with HQS enforcement requirements. Of the 40 HAP files examined, one file did not contain evidence to support that HQS inspection failures were either corrected or that the unit was abated for not meeting HQS as required.

EFFECT: The Authority is not in compliance with federal regulations regarding HQS enforcement.

CAUSE: The overall cause was a lack of management oversight and quality control over this program.

RECOMMENDATION: The Authority should implement greater oversight over the HQS enforcement process in the Housing Choice Voucher program to ensure that HQS inspection failures are corrected or, if necessary, units are abated for failure to meet HQS.

Finding No. 2021-004 Material Weakness in Internal Controls over Financial Reporting

The Authority concurs that there were deficiencies in the Financial internal controls when closing out the public housing redevelopment. Due to turnover in executive and management staff this issue wasn't properly completed or reviewed during the fiscal year closeout. The PHA will continue to address this issue through the next fiscal year and do ensure the proper closeout process is undertaken when finalizing South First Street Phase 2.

Planned Implementation Date of Correction Action Plan: March 31, 2022

Person Responsible for Corrective Action Plan: Mary Lou Hoffman, Director of Finance
(434) 326-4672.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION RELATED TO PENSIONS
FOR THE YEAR ENDED MARCH 31, 2021**Note 1: Changes of Benefit Terms**

There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation. The June 30, 2018 valuation includes Hybrid Retirement Plan members for the first time. The hybrid plan applies to most new employees hired on or after January 1, 2014 and not covered by enhanced hazardous duty benefits. Because this is a fairly new benefit and the number of participants was relatively small, the impact on the liabilities as of the measurement date of June 30, 2020 are not material.

Note 2: Changes of assumptions

The following changes in actuarial assumptions were made effective June 30, 2016 based on the most recent experience study of the System for the four-year period ending June 30, 2016:

Largest 10 - Non-Hazardous Duty:

Updated mortality table RP-2014 projected to 2020
Lowered retirement rates at older ages and changed final retirement from 70 to 75
Adjusted withdrawal rates to better fit experience at each year age and service through 9 years
Lowered disability rates
Increased line of duty disability rate from 14% to 20%
Discount Rate decreased from 7.00% to 6.75%

All Others - Non-Hazardous Duty:

Updated mortality table RP-2014 projected to 2020
Lowered retirement rates at older ages and changed final retirement from 70 to 75
Adjusted withdrawal rates to better fit experience at each year age and service through 9 years
Lowered disability rates
Increased line of duty disability rate from 14% to 15%
Discount Rate decreased from 7.00% to 6.75%
